Description :

PDF-5b65e | The study of human body measurements on a comparative basis is known as anthropometrics. Its applicability to the design process is seen in the physical fit, or interface, between the human body and the various components of interior space. Human Dimension and Interior Space is the first major anthropometrically based reference book of design standards for use by all those involved with the physical... *Human Dimension & Interior Space: A Source Book of Design Reference Standards*
