Description :

PDF-8478b | Reyner Banham examined the built environment of Los Angeles in a way no architectural historian before him had done, looking with fresh eyes at its manifestations of popular taste and industrial ingenuity, as well as its more traditional modes of residential and commercial building. His construct of "four ecologies" examined the ways Angelenos relate to the beach, the freeways, the flatlands, and ... *Los Angeles: The Architecture of Four Ecologies*
