Description :

PDF-d53d1 | How can we plan and design stronger communities? From New Orleans to Galveston to the Jersey Shore, communities struck by natural disasters struggle to recover long after the first responders have left. Globally, the average annual number of natural disasters has more than doubled since 1980. These catastrophes are increasing in number as well as in magnitude, causing greater damage as we experien... *Planning for Community Resilience: A Handbook for Reducing Vulnerability to Disasters*
